Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Tuesday 19 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rain, heavy at times through the day. Breezy but mild.

Today:
A cloudy day, with outbreaks of occasionally heavy rain spreading northeastwards across the region. Rain easing for much of the region through the afternoon, but with further periods of heavier rain pushing into the south by dusk. Breezy but mild. Maximum temperature 18 deg C (64 deg F).

Tonight:
Cloud and rain for southern parts at first. this clearing by midnight. Mainly dry with clear spells possible through the early hours with winds easing. Minimum temperature 13 deg C (55 deg F).

Wednesday:
A dry and generally clear start, but cloud, rain and a strengthening breeze soon spreading east across the region, the rain turning heavy at times. Drier later with scattered showers. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
Early showers easing, then mainly dry, but becoming colder with scattered showers, strong winds and coastal gales. Further showers and easing winds Friday. Mainly dry and bright Saturday, becoming breezy.
